Pleasant "Dreams."

The play presented by Jacques Kruger and company at the Opera House last night, known as "breams, or Fun in a Photograph Gallery," is one of the most enjoyable pieces witnessed here for a long time, and the company is made up of very capable artists without exception. The play abounds in humor, afternating with occasional touches bordering on pathos, and incidentally many taking songs and a few pretty dances are introduced. The audience was a large one, and as enthusiastic as it was large.

Governor Wilson's Materity The official returns from Pocahonta The official returns from Pocahontas and Clay counties were received yesterday, and they change the net Democratic majority in the State slightly. As the figures now stand, the majority for Wilson in the State is 4,272, instead of 4,141. In Pocahontas county, the Times says, the majority was 401, and in Clay county it was 8 instead of 7 as heretofore reported.

The counties not yet officially heard from cannot increase the majority in the State to over 5,000 unless there is gross inaccuracy in the returns received.

Salvation Army Disturbance.

At the Salvation Army headquarters, at Stenbenville, Monday night, some young men under the influence of liquor undertook to creating a disturbance, which soon resulted in a general row, benches being overturned and broken, and with singing and prayer in one end of the room and fighting at the other cnd, the scene was very exciting? Order was soon restored, with no one injured. Warrants are out for the arrest of the offenders.

CITY FINANCES

AND OTHER THINGS IN COUNCIL.

What Was Sald and Done About It-The B. P. W. Catechism Quickly Disposed

Last night's regular semi-monthly meet ing of Council was very largely attended by the members in both branches, in fact, was one of the best attended meetings held this year, It was anticipated that there might be a lively session and a repectable sized lobby of prominent busi-

spectable sized lobby of prominent business men was also present, but they credisappointed, for everything passed offvery quietly. The most important question considered was that of finances.

The Committee on Finance reported that as to the present embarrassing financial status of the city, it was unable to suggest any remedy, the geople having defeated the recent loan ordinance which was really the only remedy. The committee further reported the following resolution: That the Committee on Legislation be instructed to prepare and report to tion be instructed to prepare and report to Council a bill for submission to the next

Council a bill for submission to the next Legislature asking said body to amend the next creating the City Water Board, the Board of Public Works, and the Trustees of the Gas Works, so that Council shall have control of the receipts and disburse-ments of all money belonging to said Boards.

Mr. Peterson said that the resolution was not framed as he understood the com-mittee desired to have it. As it stood, he was opposed to it. The committee's gien had been that possibly \$10,000 from the Gas Works might be put askide for the city's use in other departments. Dr. Jepson thought the resolution too sweeping; he favored amending its on as to have a bill drawn up making changes that "experidrawn up making changes that "experi-ence had demonstrated to be necessary." THE BOARDS DEFENDED.

mr. Hildreth taking the floor characterized the report as a revival of the how that was raised against the Boards when they were established, when their rules were adopted, and that had been heard time and time again since then. He briefly reviewed the benefits of the present system. He denounced the contemplated fleecing of the citizens that barn gas; they had paid for the works and improvements that had been made, that made the works among the best in the contry; they were now farnishing the city her gas and oil lights free; what more could be asked? The price of gas should be made lower, if the revenues were that much larger than the expenditures, and he expected to see the day when it would be lower. He called the attention of Council to the fast that it was designed to secure a high water service, and yet when would that be done if the surplus was swallowed up by the city's other departments? He also expected to see the price of water rents reduced if the Boards were allowed to continue as they were at present.

The the Editon; the First laid it on the table.

In other matters the First concurred with the Seconed. Mayor Miller presided in the First. The absentees were Messrs.

Donaldson and Haller.

GEN. GOFFATBENWOOD.

Last Grand Rally of the Republicans in This Campaign.

Gen. Goff will address the citizens of Benwood this evening. The Republicans will have a demonstration in his honor, and invite all torch light companies and marching clubs in the neighborhood to turn out and makethe display one worthy of the preparation and the distinguished man to whom it is tendered. Hanwood lips illustrated to the success of several demonstrations in other places, and this is probably the last opportunity of the campaign to repay her. All clubs and citizens who can do so should turn out on this occasion and awell the throng in the campaign to repay her. All clubs and citizens who can do so should turn out on this occasion and awell the throng in the child the price of water rents reduced if the basy little effort ou were at present.

chizens who can do so spond term out out this occasion and swell the throng in the busy little city. The effort ought to, and no doubt will, paralyze any of the feeble attempts at a demanstration made there by the opposition in this campaign. The Eighth Ward Blaine and Logan THE POOR MAN'S INTEREST,

Calegorically to the Categorical Inquiries

A categorically to the Categorical Inquirts Fried at it by Council,

One of the matters coming before Council last night, over which it was expected there would be some fur in the way of a lively discussion and an assault on the Bellaire Tibane, and one of the Bellaire Tibane, and one of the best posted politicians in Lastern (hip, said to an ixtellatexeen reporter last evening that the decision would make a row next year, and this question would at it in a resolution presented at the last meeting of the First Branch by Mr. Bingell, which was adopted. The Board's answers were very brief. The interrogationies and the enswers made were as follows:

First, Will the aggregate cost of the improvements proposed and commenced by the Board on South Huron and Virginia streets exceed the sum of \$3,000?

Answer—Yes.

Second, Has the Board, in providing for such improvements, entered into any contract for any sum exceeding \$3,500?

Answer—No.

Third, Has the Board, in providing for the first providing for the f on the board to the interrogatories fixed the best colored people of this and other cities. The Doctor and his wife never appeared to better advantage, and their many admirers reluctantly parted from their host with the best wishes for their constants.

Answer—No.

Third, Has the Board, in providing for such improvements, entered into any contract whatever, and if so, has the Mayor signed such contract, or had an opportunity to sign such contract?

Answer—No.

Answer—No.

Fourth, If the Board has made any contract for such improvements, is it pledging
any money in payment for work done or
to be done in fulfillment thereof, other
for the election. All the marching cluts
than that which the Board anticipates reciving from the ten cent levy recently. provided for by Council?

Answer—No.

provided for by Council?

Answer—No,

The Board in concluding trusted that the answers would prove satisfactory. Its communication was first read in the Second Branch. The opponents of the Board hardly knew what to say or do and it was quietly received and filed. In the First Branch Mr. Hoffman said the answers were not satisfactory and he moved that an investigating committee of six he ap-iful hereains. E. M. McGinlan & Co. investigating committee of six be ap-pointed, but soon afterwards withdrew the motion and the action taken down stairs

was concurred in. THE ISLAND IMPROVEMENT.

The kick made by the Eighth ward members is that the brick used was ordered for the Eoff street improvement or dered by Council. After that brick was ordered Council after that brick was ordered Council after that brick was ordered Council was no money to carry that or the Main street improvement forward. To make the Eoff street improvement forward. To make the Eoff street improvement would incur a great expense for new curbs and sewerage, which the city is not now in a condition to meet.

THE ROUTINE WORK

ramancled in Council at Last Night's Sea-The Second Branch was called to order promptly at 7:30 o'clock by President Hildreth. On motion of Mr. G. O. Smith, the reading of the lengthy minutes of the last meeting was dispensed with. The absentees were Messrs. Grogan, Shanley, Porter Smith and Wingerter.

In Potter Smith and Wingerter.

On motion of Mr. Pickett, the rules were suspended and the attention of the body given for a short time to the granting of licenses. Jacob Wilhelm was granted a rebate on unexpired time of coffee house at No. 3322 Jacob street, and Frank Wilhelm was granted a license to keep a coffee house at that place, with Chas. Schmidt and Peter Welty as sureties. Jacob Wilhelm was granted a license to keep stook will be a license to keep stook will b

On the premises, at Mt. De Chantal ste

The lodge was convened at 10 o'clock, Grand Master Lang presiding, and all the other grand officers in their places. The credentials of the delegates whose names are given above were presented and examined and found correct. The Grand Master's journal was then presented and read and referred to a special committee of three to distribute it properly to the various standing committees. The Grand Secretary and Grand Treasurer presented their statistical and linancial reports, which were properly referred.

A communication was received from the Grand Secretary of the Grand Lodge of Ohio, which was given attention. This business occupied the time in the marrialing. In the afternoon the discussions arising from the matters presented occupied all the afternoon. The longs adjourned to need at 0 oclock this morning. THE FOOR MAN'S INTEREST.

Mr. Harrell referred to a recent howl made in the body over the interests of the proof man. Were his interests being looked after by taking action that eventually raised the price of his gas and water? He favored a change in the chartar, but like Mr. Hildreth, wanted it to be one that would allow real estate to be subjected to higher taxation.

Mr. Healy had moved to adopf the report and Mr. Gleason had seconded his motion. The resolution was killed, Later the following, ofered by Mr. Pickett, was adopted by both branches.

Resolved, That the Committee on Legislation in conjunction with the Committee on Ordinances and the City Solicitor be requested to report to this Council such amendments to the Act of the Legislature creating the several Boards of this city in such manner as experience has shown to The genial Dr. D. Mayer, of Charlesto arrived in the city last evening and is at the Stamm. He is one of the grand officers of the Grand Encampment I. O. O. F., and comes here for the purpose of attending its sessions.

Rev. W. E. Rippey was in the city yes terday en route to Pultneyville, K. Y., where he will be located during the next Conference year, having been transferred to that conference at the recent maching of the West Virginia Conference at Bucklannon. The decision by the Ohio Supreme There is a land of pure delight Where saints in pure delight uch manner as experience has sho Court that the Scott Liquor Law was un-THE BOARD BEPLIES

To the Ladies. Just received, another lot of ladies' hand-sewed Walkenplast button shoes at L. V. Bloxn's.

In order that the public may understand the situation on the Island a little more clearly, it must be stated that the Board is doing this work itself, no contract having been made. The bricks being used were lought last summer in a regular way. The grading, what little is required, is being done by the chain-gang. Hardly a square of new curbing is required, and this dispenses with a great expense heretofore encountered in laying down by the chain-gang. Hardly a square encountered in laying down brick pavements. The Board had on hands at the commencement of the work nearly \$2,000 of last year's 10 cent levy fund that had not been expended. The job, when completed, will be one of the best and cheapest the city ever had done. The kick made by the Eighth ward members is that the brick used was ordered Council awoke to a realization of the fact that there was no money to carry.
